Professional Summary

Highly organized operations professional with 5+ years directing technical workflows and 5+ years running an independent media and video production agency. Proven ability to oversee project lifecycles, manage external vendor relationships, and build scalable processes using workflow tools (Zendesk, Intercom). Uniquely positioned to bridge the gap between technical operations and media execution.

Experience

Owner / Independent Contractor

Freelance Media & Event Production | Detroit, MI | October 2015 - September 2020

- Managed computer networking and point-of-sale (POS) architectures for high-volume youth hockey and dance events, directly driving on-site sales and resolving technical friction points.
- Served as the primary client point of contact and lead videographer for major production agencies, managing high-stakes event execution and final editing deliverables utilizing Adobe Premiere Pro, DaVinci Resolve, and FL Studio.
- Operated a completely self-sustaining freelance video production business, managing all scheduling, contract negotiations, subcontractor hiring, and end-to-end media production for corporate clients.

Head of Customer Success and Project Planning

Edge (Airbitz Inc) | San Diego, CA (Remote) | September 2020 - June 2026

- Provided expert direct support and troubleshooting for a global user base and external stakeholders, diligently resolving complex escalated technical issues related to digital asset transactions, wallet functionality, and API/integration friction points.

- Led and mentored a team of 4+ support agents, overseeing comprehensive training, conflict resolution, and performance scheduling to ensure high-quality service delivery for all platform users and partners.

- Successfully architected and executed full platform migrations of the entire support tech stack from Freshdesk to Zendesk, and subsequently to Intercom, modernizing omnichannel ticket management. Optimized these platforms by developing and implementing over 750 self-service articles, automations, and AI macros.

- Translated complex user and partner feedback into actionable product enhancements, collaborating closely with engineering and product teams to drive critical app development initiatives, UI refinement, and improved retention.

- Generated and analyzed weekly/quarterly success metrics, presenting key insights to leadership to inform strategic decisions and drive continuous operational improvements.

Caseworker / Direct Care

CSDD - Life Enrichment Academy | Warren, MI | October 2009 - October 2015

- Managed confidential client files and relationships, ensuring strict compliance and securing essential program funding.

- Developed and implemented individualized enrichment programs, fostering personal growth and long-term success for clients.

- Provided compassionate direct care for a six-year tenure, demonstrating strong interpersonal skills and a deep commitment to stakeholder well-being.
