Professional Summary

Customer Success and operations leader with 5+ years in B2B SaaS, including five years leading support operations, partner programs, and cross-functional delivery at Edge (Airbitz Inc). I design automation and self-service systems that reduce manual work, standardize how teams operate, and help customers and partners get value faster. Daily practitioner of AI-assisted workflows for documentation, triage, and process design.

Experience

Edge (Airbitz Inc), San Diego, CA (Remote) — Head of Customer Success & Project Planning *September 2020 – June 2026*

- Led and mentored a team of 4+ support agents through hiring, onboarding, training, scheduling, and performance management for B2B and B2C users and commercial partners.
- Architected a 7-board automated Kanban system in Asana (1 Master + 6 departmental boards) with multi-homing, WIP limits, and 9+ cross-board automation rules for section routing, board state sync, and approval flows.
- Built scalable self-service and automation layers across the support stack: 750+ articles, macros, and AI chatbot workflows that reduced inbound ticket volume and improved resolution speed.
- Led full-platform helpdesk migrations (Freshdesk → Zendesk → Intercom) with structured change management, agent readiness, and zero downtime for commercial operations.
- Managed B2B partner and enterprise user relationships end to end: onboarding, escalation management, stakeholder communication, and translating feedback into product and engineering priorities.

- Authored playbooks, Kanban operating manuals, and department workflow guides; ran structured training across Engineering, QA, Design, Marketing, BizDev, and Support for adoption of new processes and tools.

- Produced weekly and quarterly support metrics and root-cause analysis to guide staffing, documentation gaps, and process improvements.

Freelance Media & Event Operations — Owner / Independent Contractor *October 2015 – September 2020*

- Primary commercial contact for youth hockey organizations and business clients: contract negotiation, project scoping, and ongoing stakeholder communication.

- Designed and deployed on-site networking, POS, and IT setups for high-volume events; troubleshot hardware and connectivity issues under time pressure.

- Delivered edited photo and video assets on tight deadlines for commercial clients.

CSDD - Life Enrichment Academy, Warren, MI — Caseworker / Direct Care *October 2009 – October 2015*

- Managed confidential client records and individualized enrichment programs with consistent documentation and long-term follow-through.
