Professional Summary

Highly dedicated Customer Success Professional with 10+ years of engagement in the cryptocurrency space and 5+ years of experience optimizing support operations and managing technical partnerships in the Web3/blockchain sector. Proven ability to enhance user experience, drive product improvements with data-driven insights, and expertly manage complex support platforms (Zendesk, Freshdesk, Intercom). Committed to delivering exceptional B2B and B2C service, fostering platform adoption, and resolving complex technical integrations using deep blockchain knowledge.

Experience

Edge (Airbitz Inc), San Diego, CA — Lead Support Operations Specialist *September 2020 – PRESENT*

- **Technical Relationship Management:** Provided expert direct support and troubleshooting for a global user base and external stakeholders, diligently resolving complex escalated technical issues related to cryptocurrency transactions, wallet functionality, and API/integration friction points.
- **Operational Leadership:** Led and mentored a team of 5 support agents, overseeing comprehensive training, conflict resolution, and performance scheduling to ensure high-quality service delivery for all platform users and partners.
- **Systems Migration & AI Optimization:** Successfully architected and executed full platform migrations of the entire support tech stack from Freshdesk to Zendesk, and subsequently to Intercom, modernizing omnichannel ticket management. Optimized these platforms by developing and implementing over 750 self-service articles, automations, and AI macros, drastically reducing inbound ticket volume.
- **Cross-Functional Collaboration:** Translated complex user and partner feedback into actionable product enhancements, collaborating closely with engineering and product teams to drive critical app development initiatives, UI refinement, and improved retention.

- **Data Analytics & Reporting:** Generated and analyzed weekly/quarterly success metrics, presenting key insights to leadership to inform strategic decisions and drive continuous operational improvements.

Freelance Media & Event Operations — Owner / Independent Contractor *October 2015 – September 2020*

- **Systems & Sales Operations:** Managed computer networking and point-of-sale (POS) architectures for high-volume youth hockey and dance events with PDQ Photos and All Star Productions, directly driving on-site sales and resolving technical friction points.
- **Client Relationship Management:** Served as the primary client point of contact and lead videographer for major production agencies including Mike Staff and Party Pros, managing high-stakes event execution and final editing deliverables.
- **Independent Management:** Operated a completely self-sustaining freelance video production business, managing all scheduling, contract negotiations, subcontractor hiring, and end-to-end media production for corporate clients.

CSDD - Life Enrichment Academy, Warren, MI — Caseworker / Direct Care *October 2009 – October 2015*

- **Client Management:** Managed confidential client files and relationships, ensuring strict compliance and securing essential program funding.
- **Program Development:** Developed and implemented individualized enrichment programs, fostering personal growth and long-term success for clients.
- **Empathy & Communication:** Provided compassionate direct care for a six-year tenure, demonstrating strong interpersonal skills and a deep commitment to stakeholder well-being.

Skills

- **Partner & Customer Success:** B2B/B2C Relationship Management, Onboarding, Retention Strategy, Conflict Resolution, User Training, Escalation Management, Cross-Functional Collaboration.

- **Web3 & Cryptocurrency:** Proficient in Web3 Concepts, Blockchain Explorers (Etherscan, etc.), Decentralized Applications (dApps), Cryptocurrency Wallets, Transaction Troubleshooting, Fiat-to-Crypto Onramps, Mnemonic/Key Converters.
- **Support & CRM Platforms:** Intercom (Implementation & Administration), Zendesk (Implementation, Administration, Reporting), Freshdesk.
- **Automation & Analytics:** AI Bot Implementation, Automations, Macros, Chatbot Workflows, Data Analysis, Root Cause Analysis, Process Improvement.
- **Software & Tools:** Google Workspace, Asana, Cursor.
