Professional Summary

Highly organized Operations and Project Manager with 5+ years of experience directing high-volume technical workflows and 5+ years of experience running an independent media and video production agency. Proven ability to oversee complex project lifecycles, manage external vendor/agency relationships, and build scalable processes using ticketing and workflow tools (Zendesk, Intercom). Uniquely positioned to bridge the gap between technical operations and media execution, driving efficiency and quality across digital platforms.

Experience

Freelance Media & Event Production — Owner / Independent Contractor *October 2015 – September 2020*

- **Agency & Vendor Management:** Operated a highly successful independent video production business, serving as the primary point of contact for major production agencies (Mike Staff, Party Pros) and corporate clients. Managed all contract negotiations, deliverables tracking, and subcontractor hiring.
- **Content Operations & Post-Production:** Directed end-to-end media production workflows, rapidly executing high-volume, rapid-turnaround video and audio projects. Ensured all content met strict quality standards and brand guidelines before final delivery.
- **Audio & Video Engineering:** Expertly managed full post-production pipelines, utilizing Adobe Premiere Pro, Final Cut Pro, and DaVinci Resolve for video editing, alongside FL Studio for advanced audio mixing and mastering.
- **Systems & Logistics:** Managed point-of-sale (POS) architectures, data logistics, and technical setups for large-scale, high-volume events (PDQ Photos, All Star Productions), directly supporting on-site execution and troubleshooting.

Edge (Airbitz Inc), San Diego, CA — Lead Operations Specialist *September 2020 – PRESENT*

- **Workflow & Process Management:** Directed cross-functional support operations and project lifecycles for a global tech platform. Built scalable workflows that bridged the gap between engineering, product, and end-users, ensuring timely turnaround on critical escalations.
- **Operational Scalability:** Architected and executed the migration of entire support ticketing architectures (Freshdesk to Zendesk, then Intercom). Optimized these platforms by developing over 750 workflow automations, macros, and help-center articles, significantly increasing operational efficiency.
- **Cross-Functional Leadership:** Led a team of 5 operations agents, tracking volume metrics, managing seasonal workflows, and surfacing actionable performance insights to executive leadership to support strategic decision-making.
- **Technical Issue Resolution:** Acted as the highest point of escalation for complex technical integrations, resolving high-stakes friction points and preventing platform downtime.

CSDD - Life Enrichment Academy, Warren, MI — Caseworker / Direct Care *October 2009 – October 2015*

- **Client Management:** Managed confidential client files and relationships, ensuring strict compliance and securing essential program funding.
- **Program Development:** Developed and implemented individualized enrichment programs, fostering personal growth and long-term success for clients.
